Andy Watson, Chairman of the Board of Trustees

Thank you for your interest in getting involved with St Michael's Hospice. I am pleased to share some additional information to help you decide whether joining the Board as a Trustee feels like the right next step for you.

St Michael's Hospice is a highly respected organisation in the local area, supported by a committed team of employees and volunteers who make a real difference across Hastings and Rother. The Board plays a critical role in shaping the future of the organisation for both the short and long-term. Trustees provide strategic direction, ensure strong governance, and act as stewards of the organisation's purpose, impact, and sustainability.

As Trustees, we collectively hold responsibility, and challenge ourselves in terms of oversight, governance, and ensuring the organisation is run effectively and in line with regulatory requirements. The role is focused on strategic leadership rather than day-to-day operations, with a strong emphasis on accountability, challenge, and long-term thinking.

We are currently seeking to appoint Trustees with skills and experience in the following areas:

- Volunteer impact and contribution.
- Health and safety.
- Property, estate and facilities management.
- Digital transformation.
- Campaigning, influencing and advocacy.
